Ohio Senator in Work of Straight-
ening Out Kinks in Tangled Skein
of Railroad Rate Regulation.**

Mr Culberson asked to have amendment prohibiting railroads and other corporations from making contributions to campaign funds considered and indicated a desire to see an immediate vote. Mr. Tamm expressed the opinion that owing to absence of many senators there should be no vote on any amendment and Culberson assented to this decision as fair.

BABY CASE INQUEST.

The Testimony Produced Before Deputy Coroner Sims on Monday.

NO BLAME PLACED BY JURY.

Mrs. Rosa Stein, However, Was Held for Trial on Serious Charge by Justice of the Peace Frank Miller and Sent to Jail.

The undersigned jury empaneled to inquire into the death of an infant found in the cellar of the house occupied by Mrs. Rosa Stein and the said unknown child came to the death from causes unknown to this jury.

Signed: J. H. Jones, Calvin P. Zoffel, John B. Vokman, Robert L. Hinnman, S. B. Duck.

After taking testimony for more than two hours in the office of Deputy Coroner J. E. Sims Monday night, the jury deliberated but a short time and then returned the above verdict in the case of an infant child found in the cellar of a house occupied by Mrs. Rosa Stein on Fairview avenue.

Deputy Coroner Sims excluded from the hearing all persons who did not have a proper privilege there but the crowd was so dense about the front of the building that officers had to be called to drive the curious mob back in order to prevent them from breaking the plate glass windows. Mrs. Stein sat calm and unmoved during the entire trial of the finding of the baby and the jury's verdict that she did not know of the child's presence in the cellar.

S. S. Snyder was the most important witness examined. He detailed how several men had been placed to work on the building to repair it. Mrs. Stein having asked of it at his request. Snyder said that he had seen the child in the cellar of the building but he was not sure of the child's name. He said that he had seen the child in the cellar of the building but he was not sure of the child's name.

What Does This Mean?

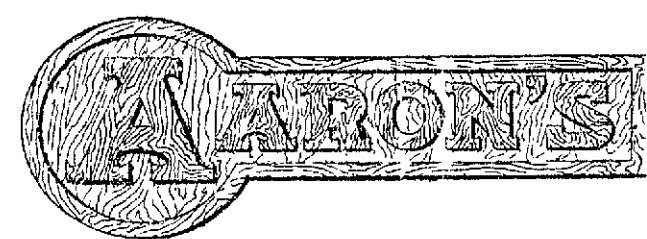

What does this "A" mean? Why does it appear in our advertisements? Is it simply an ornament? Merely an eye-catcher? These questions may have occurred to you. Whether they have or not, let us explain. This "A" is a symbol of quality. It is a guaranty of merit. It stands for "Aaron" of course. And "Aaron" will never stand for anything but the best.

This sounds like the arrogant boastings of an egoist! But hark ye, good people. We Aarons are an ambitious lot. Some say we want to be the Marshall Field of Pennsylvania. And perhaps 'tis true. And what if it is? Is it not a worthy ambition? Marshall Field founded his enormous business on honesty. Quality was his watchword. His money was not the tainted sort. He gave square values and his word was as good as gold.

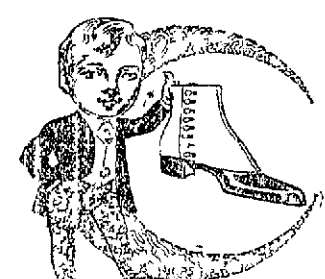

We want to be known by our actions. Therefore our actions must be trustworthy. We want to impress our "A" upon your minds. We want you to say to yourself "That means a promise."

A promise of the best in everything—the mediocre in nothing. We claim we have shown our faith in Connellsville. We have invested our all in its future. We want a return. We want Connellsville to show its faith in us. We will quote our prices in plain figures. We will expect to make a profit on everything we sell.

A legitimate profit—a just one. We will right every wrong—if wrongs be done. This is a part of what our "A" means. It is our iron-clad, oak-rooted guaranty. We have spoken.

Miners Hand Ultimatum to Hesitating Operators at Scale Conference.

LATTER SECURE ADJOURNMENT

Reply to Blunt Words of Mitchell, Miners and Perry Expected Today, Lewis Will Not Accept Less Than Scale of 1903.

Indianapolis, March 27.—The United Mine Workers of America, through President Mitchell, Vice President Lewis and Herman C. Perry, president of the Illinois miners, have presented to the coal operators their ultimatum.

The demand is for a restoration of the scale of 1903, which is an increase of 55 per cent. Upon the receipt of the ultimatum the operators secured an adjournment of the committee until today, when it is expected that a definite answer will be given. It is anticipated that this reply will be a refusal, and in that event the committee will report a disagreement to the joint conference. In that case the question will be debated before the joint convention.

President Mitchell stated to the joint scale committee that he had been informed that there were rumors in hotel corridors that the operators believed that if they would stand firmly by their position the miners would sign the present scale and recede from their demand for an increase in wages. He said he wanted to explain that there would be under no circumstances an agreement at less than the scale of 1903, unless after a disagreement, the operators could enforce less terms, and he did not believe they could. Vice President Lewis said:

"I want to say more than President Mitchell has said. We will be neither divided in this scale conference, out of this scale conference, in the convention or anywhere else, so far as I am concerned.

I realize fully the present situation. I have not treated the situation confronting us in any frivolous manner. I know what a suspension of work means to our people; I know what it will probably mean to millions of other people who are not directly interested in these questions. I have hopes that we may be able to find a solution of our present difficulties, but that solution will only come when both sides are ready to sign a wage agreement, carrying with it the prices paid in 1903.

"We believe that the operators can pay the 1903 scale and there is no reason for our considering anything else."

Herman C. Perry, president of the Illinois miners, said there would be no division of the Illinois miners and no mine would be allowed to run even with an advance in wages unless all the union miners in Illinois were given the same advance.

FIVE EMPLOYEES ARRESTED

Government Begins Criminal Action in Enterprise Bank Case.
Pittsburg, March 27.—The first step in the government's plan of punishment for those charged with fraudulent dealing in connection with the collapse of the Enterprise National bank of Allentown was taken when five men were arrested.

Those who were arrested are Lemert S. Cook, 5527 Howe street, Pittsburg; Forrest A. Nichols, secretary to William H. Andrews, congressional delegate from New Mexico; Edward T. MacMillan, Harrison avenue, Bellevue, former assistant teller at the Enterprise bank; George L. Ralston, Harrison avenue, Bellevue, former individual bookkeeper, and Charles Menzies, Orchard avenue, Bellevue, former receiving teller.

A warrant was issued for Thomas W. Harvey, former paying teller, but service was not had. United States Marshal Stone said last night, however, that Harvey would appear at the federal building in the morning.

Ralston and Nichols gave \$5,000 bail each for their appearance before Commissioner Lindsay. Nichols gets a hearing next Monday morning at 11 o'clock, and Ralston will have a hearing the following morning at the same time. The warrants charge all the men with conspiring to defraud the Enterprise bank and with making false entries.

TWO WIVES MURDERED

And a Third Nearly So by Jealous and Furious Husbands.

Windsor, Conn., March 27.—William H. Tucker, son of a Hartford policeman, shot and killed his wife at Windsor station, near here, where she was employed as housekeeper. Jealousy is said to have prompted the act.

New York, March 27.—Charles Reinicker, 28 years of age, a brewery employee, shot and killed his wife in their home in West Forty-first street. He then shot himself, inflicting a probably fatal wound. Jealousy is believed to have been the motive for the shooting.

Camden, N. J., March 27.—Charged by his wife with assault and battery, William Bada attacked the woman in court and had choked her almost into unconsciousness when Justice Rath and Constable White sprang to her assistance. A desperate fight ensued, and it was necessary to club the husband nearly insensible before he released his hold on his wife's throat. He was handcuffed and sent to jail.

JUDGES IN A HURRY.

Little Time Devoted to Hearing of Liquor License Applicants

IN WESTMORELAND COUNTY.

Judges Disposed to Depend Upon Past Records of the Applicants and New and Old Ones Given Little Time to Talk.

Greensburg, March 27.—A more routine and uninteresting session of the county court than that held before Judges Doty and McConnell Monday morning could scarcely be imagined. The judges were called upon to decide upon the record that had been made up in the case of each applicant and little time was given to verbal statements either in favor or against the application.

All the new applications, in which the court had an acquaintance with the applicant, were passed over without hearing. All of the applications for transfers were based upon illness, either the proprietor or his wife, financial difficulty or a desire to retire permanently from the business. Before the hearing of the list was taken up, Judge Doty stated that the rule answer to the question of the court as to his qualifications as the prospective hotel proprietor, that he was of the opinion that he would not be as good a hotel proprietor as he had been in the past. He modestly admitted that he might be able to qualify.

Edward Abbatello, who wishes to succeed his father as proprietor of the Lattaba House, Latrobe, stated, in answer to the question of the court as to his qualifications as the prospective hotel proprietor, that he was of the opinion that he would not be as good a hotel proprietor as he had been in the past. He modestly admitted that he might be able to qualify.

T. W. Grubbs, applicant for a license for the Westmoreland House, Milltown, furnished the only real answer to the question of the court as to what he knew about the hotel business. Grubbs stated that when a man was hungry he knew to give him his dinner, and that when he came to spend the night he knew enough to give him a bed.

Joseph Brack, proprietor of the Commercial Hotel, Latrobe, asks that his license be transferred to F. J. Harvey. Brack has only had a license a short time and has no record. The court was only quinine the business for the reason that he was being forced out, being unable, as he stated, to either buy the building or secure a lease for a further period.

William W. Baker, applicant for a license at Hotel Mahoney, Latrobe, presented his hotel register, showing that he has entertained more than 1,000 guests since December. This hotel has been unlicensed during the last year and the property was bought by Mr. Baker some months ago. This applicant comes from Cambria county and formerly conducted a licensed hotel at Danville.

Elvira Mainord, a woman applicant from Monaca, stated that she wished a license to accommodate French, Belgians and Italians.

Greensburg applicants were passed over without ceremony and no time was given to the brewers and wholesalers except in the cases of new applications.

W. S. Murray, a negro applicant from Scottdale, thought some provision ought to be made for the negro population of that town.

The usual strong opposition was shown to the granting of a license at New Florence.

The rulings of the court will be handed down on Saturday morning.

This Is Special

4.95

An All Silk Petticoat at \$4.95

This offer deals with a petticoat that is made of a fine quality of black taffeta silk throughout. There isn't a thread of cotton in it; even the dust ruffle is silk.

We were fortunate enough to secure a limited number of these superb petticoats through a misfortune and therefore we are able to offer them at this little price. The price for which these petticoats would ordinarily sell is \$7 and nothing can more thoroughly convince you as to the truth of this statement than a personal inspection.

We will place these crisp, rustling, taffeta petticoats on sale in the main aisle March 26 and as we anticipate an eager response to this unusual offer we advise an early visit; for although the number is large, announcements of this nature coming from us are always followed by an immediate clearing.
